

Android GV-EYE Configuration

PREREQUISITES

1

Confirm DVR account credentials.

2

Confirm remote access to the DVR (VPN vs Non-VPN).

3

Download the Android mobile app.

If any issues arise, please contact DTT Support at 800.933.8388 or submit a Support Request online.

Open the GV-EYE app on your Android device. Touch the **Menu** button at the top right.

Select the + button at the top right.

4

Touch **Update Device** Info to populate all the cameras, then hit the **Save** icon.

If this doesn't work, there could be an issue with your remote access or credentials.

3

Enter location information. Name: Whatever you choose. IP Address: DNS name Port: 8873 WebPort: 8915 Username: DVR Username Password: DVR Password
