

PREREQUISITES

Confirm DVR account credentials.

Confirm remote access to the DVR (VPN vs Non-VPN).

Download the iPhone mobile app.

If any issues arise, please contact DTT Support at 800.933.8388 or submit a Support Request online.

To more easily set up additional locations, navigate to the Settings Tab.

OPTIONAL

Input a default username and password, and engage the Auto Add to Live View.

1

Open the GV-EYE app on your iPhone. Touch the **Menu** button at the top left.

Select the + button at the top right.

iPhone GV-EYE Configuration

3

Enter location information. Name: Whatever you choose. IP Address: DNS name WebPort: 8915 Port: 8873 Username: DVR Username Password: DVR Password

To add additional cameras, touch the + button.

4

Touch Get Information to populate all the cameras, then hit Save.

If this doesn't work, there could be an issue with remote access or the credentials.
